

SOOCHOW UNIVERSITY, SUZHOU, JIANGSU, CHINA

Faculty Positions in Drug Metabolism and Pharmacokinetics

Soochow University, founded in 1900 in Suzhou, is a premier university in China. The University is committed to excellence in education, science and innovation. A complete listing of open positions is available at <http://rsc.suda.edu.cn/zpxx.asp?type=15>.

We are seeking outstanding candidates for associate professor positions in the School of Pharmaceutical Sciences. Successful candidates should have a Ph.D. in pharmaceutical sciences, biochemistry, molecular biology or a related discipline, with at least three years of relevant research experience (postdoctoral or industrial training) in drug metabolism and pharmacokinetics.

Applicants should have a distinguished publication record in peer-reviewed journals, strong interest in applying basic research to drug discovery and development, and active research programs complementary to our existing strengths. Our school is dedicated to build a state-of-the-art research platform. We provide an excellent environment for scientific pursuit and encourage collaborations via partnership among individual laboratories and other research organizations.

Interested individuals should send curriculum vitae, a summary of accomplishments, future research plans, and a list of three references to the Searching Committee, School of Pharmaceutical Sciences, Soochow University. E-mail: huangxiaobo@suda.edu.cn, Dushuhu campus of Soochow University, 199 Renai Road, Yunxuan Building, Suzhou Industrial Park, Suzhou, Jiangsu, 215123, China.
